Homework

## Subtraction Review

1. There are 33,282 seats in a baseball park. During one baseball game, 18,359 seats were filled. How many seats were empty?

- a) 14,923  
b) 15,933  
c) 25,137  
d) 25,933

2. There are 22,650 people in Davidsville. There are 26,485 people in Brown. How many more people are there in Brown?

- a) 2,835 people  
b) 3,835 people  
c) 4,235 people  
d) 4,835 people

Please rewrite the following problems vertically and solve.

3.  $18,516 - 4,025 =$  \_\_\_\_\_

4.  $5,001 - 2,891 =$  \_\_\_\_\_

Subtract. Check your work with addition.

5. 
$$\begin{array}{r} 1,038 \\ - 689 \\ \hline \end{array} \quad + \underline{\hspace{2cm}}$$

6. 
$$\begin{array}{r} 908 \\ - 29 \\ \hline \end{array} \quad + \underline{\hspace{2cm}}$$

Solve for the variable.

7.  $24 - x = 11$        $x =$  \_\_\_\_\_

8.  $W - 5 = 17$        $W =$  \_\_\_\_\_

Please use the following table to answer questions 9 and 10.

For two months, the students in Holly's class collected newspapers for recycling. The table below shows how much they collected each month.

Month	Newspapers Collected (in pounds)
January	4,891
February	10,014
March	2,189
April	6,890

9. How many more pounds of newspaper did the students collect in February than in January?

---

10. How many more pounds of newspaper did the students collect in February than in March AND April combined?

---
